## 1. The Rope Walkers

But still the rope goes on and on...

Sometimes i feel like a moth to a flame  
we live, we die  
and still we don't know why.

Sometimes i feel the stone of Cain  
the rain, the sea  
won't wash the blood on me.

I'm walking on the tight rope  
bowing at the empty chairs  
that shade into the darkness.  
Is anybody out there?...

Sometimes you guess you're a prayer left undone  
too thick to fly, too thin to fall and die

You're walking on the tight rope  
like a thousand times before  
surrounded by the silence.  
You're walking on the tight rope  
surrounded by the wall  
of a thousand bolted doors...

...I used to dream we'd meet one day  
and find a place called home  
but still the rope goes on and on...  
Do we live to walk alone?

I'm walking on the tight rope  
like a thousand times before  
surrounded by the silence...  
You're dancing on the tight rope  
don't know what you're fighting for.  
Do we live to walk alone?

## 2. I Went Across The Time

I feel the wind that cools,  
my knees on the ground  
a storm blast chases me,  
trees bend to the dawn.

I went across the time  
and all in a glance  
I went across the time  
and all in a whisper.

A clear sky in my hands,  
the morning on the cliff  
the dews of the night on my skin.

### 3. Tale From Nowhere

It was a full moon night  
one of those night that might go on forever.  
The mist was dancing on the stone floor  
of the strange medieval square  
a silent wind entangled through the archways  
was ringing with the sound of distant steps.  
A minute or a century later  
the man was in the middle of the space.  
It was a special night  
the strangest night from now until forever...

Then a cloud concealed the moon  
and when the sky was lit again  
the Mad Jester in a hood  
stood beside the roving man  
and though his eyes were shining  
the man took on step back  
because his lips were smiling  
of a smile that chills to death.

[Jester]

"i was waiting for you  
for it's time to begin  
we've got something to do  
I guess you know what I mean"

[Man]

"Why should I listen  
to the idle things you say?  
Tell me one only reason  
or get out of my way!"

[Jester]

"It's written in your name  
It's screaming from your voice:  
You were born to play the Game  
D'you still think you have a choice?"

So the man stood up in silence  
while the jester took a band  
then He wrapped it on his eyes and  
put a gun in his hand.

[Jester]

"Within a century by now  
I'll throw a coin in the air  
from somewhere hereabout  
you have to venture when and where.  
It's the coin of Good and Evil  
It's the Guardian of the Dreams

If you get it with your one shot  
you'll be free"

The man was left alone  
within his darkest world  
and soon the deafening silence  
was broken by a crowd

They crawled against his feet  
they swarmed around his body  
and all of them were blindfold  
and covered with a shroud

"On your own you have no hope:  
Give the weapon to your Pope!"  
"Listen to a Nobel Prince:  
I can do it with closed eyes!"  
"I'm your favourite politician  
don't you shoot without permission!"  
"Need an expert? here I am  
I'm a military man!"

The square was full of voices  
and faces of undead  
a hundred million noises  
resounded in his head...

[Man]

"go away! Stay far from me!  
You don't even let me be!"

Many years have passed by then  
an still the night goes on  
The full moon shines above the man  
reflected in his gun  
One day the man will break the spell  
one day the man will see  
that when he claimed to be himself  
and when he strained to be himself  
and when he chose to be himself  
he was already free.

#### 4. The Script

Once more I left the labyrinth of madness  
I acted the part within the mirror.  
Don't be mistaken  
about what you are seeing  
are you acting as yourselves  
or are you wearing someone else's dress?  
The curtain rises...

Only here, only now  
I'm the one I want to be  
at last I am myself.  
Open your minds!

Come in, let the farce begin!  
The curtain rises...

## 5. Rain And Mist

And the time is still...

Rain and Mist embrace the cliff,  
they hide the trees,  
and cover the meadows.  
Lady Shore is getting stroked  
by the warm touch  
of warping water.

And the time is still...

Reefs are dipping in the sea,  
and seagulls sleep,  
inside their shelters.  
The almighty Wind  
has flown away,  
the air is dark, the sullen sky.

And the time is still...

I am sitting on the oak root  
Oldman winter sist aside me  
we look each other in the eyes  
to seek something yet unknown.

And the time is still...  
and the time stands still...

How many are  
the colors of the ocean?  
How many are  
the songs of the birds?  
All of my life was spent  
in search for emotion.

And the time is still...  
and the time stands still...

(as the smell of damp  
grass crawls from the heart  
of salty earth)

Runya's waiting at the harbour  
for the journey of tomorrow,  
but before I leave my land I need  
to stay here for a while,  
i will reap the sounds  
and harvest the images  
of the landscape  
I will dream of once again...

I will dream them once again...

6. Ben Rowi

Walking slowly not to slide  
on the rocks wet dew  
Ben Rowi asked himself if he'd be able  
of falling in a twilight world.

The branches, the different shades of green  
the dead yellow leaves made him feel at home  
laying in the underbrush,  
his stare toward the sky  
he talked with the silence

[Ben Rowi]  
"I didn't hope you'd come"

[Brownie]  
"I couldn't be missing,  
it doesn't chanc every day  
to meet a madman who wants  
to know the small people"

You can find yoursekf in the kingdom of fairies  
if you swallow a primrose

Everything had suddenly become queer  
the rain poured upside down,  
the pools reflected several moons  
I sawheavenly creatures  
dancing around, dancing around,  
I joined them

[Brownie]  
"Pay attention it's  
a fay circle  
don't dance with them,you might..."

[Ben Rowi]  
"Don't worry , it's funny!"

"The dance was getting more and more frantic  
I realized that time was flyin' away.  
I was an old man"

During the dance time runs quicly,  
minute last for years

[The Fairy]

"If you give me your eyes,  
I'll open your mind  
and you'll discover the secrets  
of the small people"

I don't know how it came  
I was made of steam  
i was whirling in the air  
I was ruling the skies

Maybe the fairy had joked me  
maybe I was dead,ut death was not so bad  
I was captured in a black hole  
I woke up into the underbrush  
I had finally fallen in a twilight world  
but something seemed different  
I was,now I am...

"I didn't hope you'd come!"

## 7. Waiting For...

Leaves are falling around

Drops of rain I smell the rain  
keep on climbing  
upon the misty mountain  
waiting for...

Catch the wind if you're still alive  
catch the flowers  
the water and the sun  
catch the wind if you're still alive.

Leaves are falling around

Dance all night  
around the sleepy lake  
waste no time,  
the moon is high  
the season of forever  
waiting for...

## 8. The Dragon Knight

The Dragon Knight will be as one with the Dragon  
The Dragon Knight will fly as the Dragon  
He will skim the night woods with eyes of Ithil  
He will oversoar the Oceans, beyond the Gates of Twilight

The Knight will dwell in the Wings of Evil  
The Knight will walk beside the Fire and the Storm  
He will hold the Might of Anor  
He will know the Ancients Wisdom

Those of you who will master the Power of the Dragon,  
Those of you who will claim to be a Dragon Knight,  
Those of you will earn to ride the Eternal.
